Launch of Sammy's Pachinko Machine "CR Gamera Extreme Battle"

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and CEO: Hidetoshi Yamamoto) announces the nationwide release of Sammy Corporation's pachinko machine "CR Gamera Extreme Battle." Details of this release are given below.

Sammy's new pachinko machine "CR Gamera Extreme Battle" features Gamera, the highly popular character that has continued to thrill loyal fans since making its debut in "Gamera, the Invincible," the classic SFX monster film released in 1965. This hit movie has been followed by a series of 11 sequels, including the April 2006 release of the latest Gamera film, "Gamera: The Little Braves."

The character of Gamera has achieved tremendous success not only on the big screen, but also in the Gamera Series of pachinko and pachislot machines.

This new pachinko machine features *Gamera Chance*, a scoring system that combines the digital pachinko "7-type" and the "Wing-type" formats. With *Gamera Chance*, when a player scores a big jackpot by dropping a ball into a wing-type gate, a battle scene between Gamera and various monsters is activated on the LCD screen, providing a completely new sense of gaming excitement that is speedy and thrilling.

"CR Gamera Extreme Battle" is certain to provide great enjoyment to not only regular enthusiasts of pachinko, but also to a very wide range of players, including fans of monsters and SFX movies.

Plans call for pachinko fans throughout Japan to be able to enjoy "CR Gamera Extreme Battle" in pachinko halls from the beginning of April.
