Fields Corporation (Head office: Shibuya-ku, Tokyo; President and CEO: Hidetoshi Yamamoto) announces the nationwide release of the new Bisty Co., Ltd., pachislot machine "ROCKY BALBOA."

The new machine features characters from the *Rocky* movie series. From its release in 1976 in the United States, the *Rocky* series, which stars Sylvester Stallone, gained popularity as a touching human story set against the backdrop of the boxing arena. The sixth installment, *Rocky Balboa*, is scheduled to be released this winter in the United States.

Using actual and 3-D CG images, this machine re-creates the story of a talented unknown boxer who becomes a great champion with the support of his beloved Adrian and friends. Players can enjoy the world of Rocky for themselves with famous scenes such as his training sessions and title matches, together with the familiar *Rocky* theme music, while concurrently enjoying the thrill of the game.

Featuring the excitement of the *Rocky* series, the new "ROCKY BALBOA" pachislot machine will appeal to fans of the movie as well as pachislot enthusiasts.

"ROCKY BALBOA" is scheduled for delivery in late November 2006 to pachinko halls throughout Japan.

The release of this machine has been incorporated into the Fields Corporation business plan for the fiscal year ending March 2007.
