**Notice Regarding Fields Corporation's Acquisition of the ISO27001 Certification for Information Security Management Systems**

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces that, as of August 24, 2007, it has acquired the ISO/IEC 27001:2005 certification, an international standard for information security management systems, and the corresponding domestic standard JIS Q 27001:2006 certification. The details are given on the attached document.

Press Release

**Notice on Fields Corporation's Acquisition of the ISO27001 Certification—the  
International Standard for Information Security Management Systems**

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces that, as of August 24, 2007, it has acquired the ISO/IEC 27001:2005 certification, which is an international standard for information security management systems, and the corresponding domestic standard JIS Q 27001:2006 certification. In 2002, the Company obtained ISO9001:2000, an international standard for quality management systems.

In light of recent rapid advances in information technologies which have brought about rising concerns as to the management of information assets, the Company has strengthened its recognition that current and continued reinforcement of security measures is our social responsibility.

Fields Corporation's acquisition of these certifications reflects that the security measures emphasized by the Company, have been accredited at the international level by an objective third party.

Looking ahead, all the employees at Fields Corporation will continue to have a high awareness of information security and further improve information security management systems as a company trusted by society and its customers.
