## Launch of Rodeo's New Pachislot Machine "Tenchi wo Kurau"

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Rodeo Co., Ltd., "Tenchi wo Kurau."

This machine, which is the third instalment in the Motomiya Series\*, incorporates elements from comic book writer Hiroshi Motomiya's original SF epic, *Tenchi wo Kurau*.

\* The "Motomiya Series" is a series of popular pachislot machines which incorporate elements from the works of Hiroshi Motomiya.

This sprawling adventure across heaven, hell and earth unfolds using a machine body equipped with the impressive 20-inch "Doughnut Vision" display. 3DCG is used for the first time in the series to not only give life to heart pounding battle scenes but also to show exclusive movie clips of famous scenes from the previous instalments in the Motomiya Series: *Salaryman Kintaro* and *Ore no Sora*. Players can fully enjoy both an epic fantasy story as well as the exploits of earlier heroes in the series.

Boasting a spectacular, epic SF adventure, this machine is not only for pachislot enthusiasts but also many other people, including fans of the original comic.

The Tenchi wo Kurau pachislot machine is scheduled for delivery in October 2008 to pachinko halls throughout Japan.
