Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of a new pachislot machine from Rodeo Co., Ltd., **"Gamera."**

As the second title in Rodeo's 10th anniversary series, this pachislot machine retains the DNA from the first "Gamera" released in 2000, the first title from Rodeo, and brings out a new value which suits a modern age.

This machine has the original "anyone can play it" concept from the first "Gamera" and faithfully reproduces the features "continuous scenes" and "reel control", which attracted pachislot fans. Furthermore, the machine has highly developed to a new machine by incorporating modern game system. Players will be fully able to enjoy the destructive power of Gamera with the vigorous visual effect with the latest 3DCG and the game features such as "Gamera mode".

Achieving the best balance between the old and the new, the machine is not only for pachislot enthusiasts, but a wide range of people.

"Gamera" pachislot machine is scheduled for delivery in June 2010 to pachinko halls throughout Japan.
