Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of a new pachislot machine from Rodeo Co., Ltd., "Gravion."

The animated work "Gravion," created and directed by Masami Obari, is a content broadcast by Fuji Television Network in 2002 and 2004, as a new robot animation that combines an innovative and classic designs and stories.

This machine incorporates a new system which has much potential for an infinite of possibilities as well as the visuals created by the beautiful images newly produced exclusively for the pachislot machine.

The system, combined with the visuals which concentrates hot battles, features ART system with a new changing-repeat-rate-type stock. Players will be fully able to enjoy unexpected story lines.

Beyond the battles, the machine which brings the better-than-expected world is not only for pachislot enthusiasts, but a wide range of people including animation fans.

"Gravion" pachislot machine is scheduled for delivery in January 2011 to pachinko halls throughout Japan.
