Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of a new pachislot machine from Bisty Co., Ltd., "GTO Limit Break."

Toru Fujisawa's comic-book series "GTO" was a continual and popular feature in the *Weekly Shonen Magazine* (Kodansha Company Ltd.) from 1997 onwards, and after the comic it gained mass-market appeal through an animation series, a TV drama series, and a movie which followed.

This machine is the latest in the GTO series of pachinko and pachislot machines, which use contents from the series popular with all generations. The backdrop is a dynamic and subtle re-telling of the thrilling story of how the maverick teacher, Eikichi Onizuka, stirred up situations together with his students. The game marries the perspective of the original with a new ART system, communicating to the player a sense of fun and satisfaction for him to explore.

This machine, which mesmerizes the player through its thrilling story and new ART system, is not only for pachislot enthusiasts, but also a wide range of other people including comic book fans.

"GTO Limit Break" pachislot machine is scheduled for delivery in the beginning of June 2012 to pachinko halls throughout Japan.
