Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Bisty Co., Ltd., "Yaoh."

*Yaoh* was a long-running, popular comic series which was featured for 7 years in *Weekly Young Jump* magazine starting from 2003. Comic book compilations of the story were greatly successful, with sales topping 1.5 million copies and leading to a television drama adaptation.

This machine acts out a simplified pachislot re-creation of the impassioned drama of the original story, depicting the bonds between men and their colleagues who devote their lives to fulfilling their dreams. Based on the motif of Special Time (ST) pachinko machines, the new and enhanced Assist Replay Time (ART) system heightens the user's sense of anticipation as they play.

This machine which grabs hold of the user through the endless excitement it provides is not only for pachislot enthusiasts, but also a wide range of other people including comic book fans and TV drama fans.

The "Yaoh" pachislot machine is scheduled for delivery in August 2012 to pachinko halls throughout Japan.
