Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Bisty Co., Ltd., “Evangelion—Ketsui no Toki.”

Ever since its inception in 1995, *Evangelion* has enjoyed great popularity in a variety of media, including TV and movies. The movie *EVANGELION: 3.0 YOU CAN (NOT) REDO* released in 2012 recorded the highest ever box office, illustrating how the popular content of the franchise continues to create new fans.

Following the launch of the “Evangelion series” of pachislot machines with the industry’s first ever regulation 5 A-type machine, there has been continual improvement as the series has progressed. The 8th machine featured the first large 19-inch LDC screen in the series and rendered new cutting-edge video from *EVANGELION: 3.0 YOU CAN (NOT) REDO* on the impressive display. Furthermore, the game function aimed to create an experience that interweaves video and drum action as well as easy playability, allowing the player to fully enjoy the intrinsic fun of pachislot machine.

This machine is not only for pachislot enthusiasts but a wide range of animation fans.

The “Evangelion—Ketsui no Toki” pachislot machine is scheduled for delivery in February 2014 to pachinko halls throughout Japan.
