Fields Corporation (Head office: Shibuya-ku, Tokyo; President & COO: Takashi Oya) announces the nationwide release of the new pachinko machine from Bisty Co., Ltd., “CR EVANGELION 9.”

Since it was first created in 1995, Evangelion has offered extremely popular content in a wide range of media, including TV and movies. Starting with the release of the EVANGELION movie series (4 movies) in 2007, this content has continued to create new fans.

Since its release in 2004, the Evangelion pachinko series has continuously advanced by consistently seeking to provide unprecedented story line and game functions.

As the series celebrates its 10th anniversary, this 9th machine in the series was developed by analyzing the future pachinko market from all angles and then maximizing the incredible potential of Evangelion content to create the ideal anniversary model.

The dedicated chassis, new specifications and novel images bring users fully into the Evangelion world.

The “CR EVANGELION 9” machine is not only for pachinko enthusiasts but also for a wide range of animation fans and is scheduled for delivery in December 2014 to pachinko halls throughout Japan.
