FIELDS CORPORATION

Notice of Workplace Vaccinations of the Coronavirus Disease (COVID-19) at Our Group

In accordance with the government's policy on workplace vaccinations of the coronavirus disease (COVID-19), on July 6-7 (Tue.-Wed.), our group conducted workplace vaccinations of the COVID-19 for applicants among the employees of our group including temporary staff and others, and their families.

The objective of this vaccinations is to ensure the peace of mind of our business partners and other customers, and to ensure the safety of our employees and their families.

■ Overview of workplace vaccination in July 2021

- Date of implementation

Tuesday, July 6, and Wednesday, July 7

- Venue

FIELDS CORPORATION Head Office (Shibuya-ku, Tokyo)

- Vaccines used

Vaccines manufactured by Takeda Pharmaceutical Company Limited / Moderna, Inc.

- Subjects

FIELDS CORPORATION employees (at the head office and some branches), employees of group companies and other related companies (including temporary and part-time workers), and those of their families who wish to be vaccinated

- Number of subjects

1,000

The second vaccination for the subjects is scheduled in early August, four weeks later.

Temperature checks and hand sanitation at the entrance of the venue

Acceptance and document confirmation at the venue entrance

We operate the infection control measures in accordance with strict rules to prevent the spread of infections; the employees work from home if they can, and those who need to go to office thoroughly take their temperature and disinfect.

Going forward, our Group will continue to give top priority to preventing the spread of infections both inside and outside the companies and to ensuring the safety of employees, and will promptly decide and implement response policies based on policies and action plans by the government and health centers.
