Recording method of net sales for PS sales

Effective on April 2021, the Company adopted the "Accounting Standard for Revenue Recognition" (ASBJ Statement No. 29, March 31, 2020). As a result, transactions* in which our group is the "sole distributor" are accounted for as follows regardless of the sales method (distributor/agency sales).

Net sales:

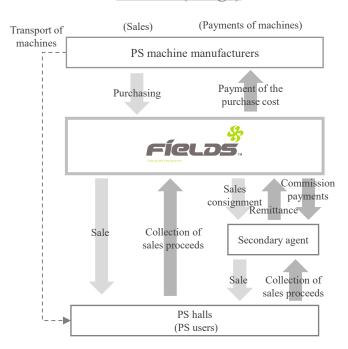

Record the price of PS machines that we sell to pachinko halls (criterion for recording sales: at the time of shipment of the PS machines)

Cost of sales:

Record purchase price of PS machines from manufacturers (also record agency commissions when selling through agencies)

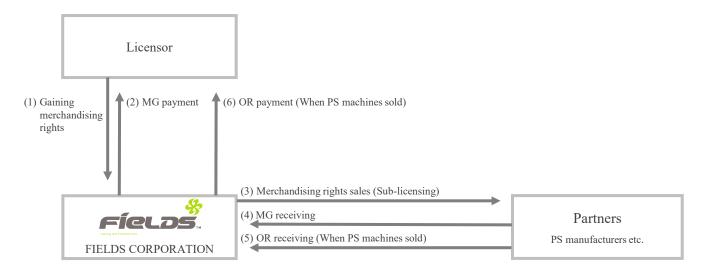

*We have a contract that stipulates that we will exclusively sell PS machines.

1988~ 1998~ 2003~

Start-up period: PS distribution innovation Full-fledged launch of PS machine as a media

In 1988, Toyo Shoji Co., Ltd., was established. The company focused first on revitalizing the pachinko industry and making it sounder, with the aim of making it easier for many more people to enjoy the inherent entertainment value of pachinko machines as an ordinary part of life. Thereafter, the scale of Japan's pachinko market expanded to ¥30 trillion. We also grew into the industry's largest distributor with a nationwide sales network, as we continued to anticipate and meet the diverse needs of pachinko halls and fans

In the 1990s PS machines mounted with LCD screens brought the same appeal to these machines as media such as movies and television. The advent of larger LCD screens with higher resolutions, meanwhile, led to the emergence of a host of original intellectual property (IP) unique to the industry.

Viewing PS machines as media in their own right, we moved to create more fans of the genre.

To this end, we used our nationwide sales network to identify needs, and began taking steps to create PS machines that utilize outstanding IP known widely throughout the public domain.

Together with building a structure for acquiring IP and relationships with talented planners, we entered a business alliance with machine manufacturer Sammy Corporation. These and other efforts formed our singleminded focus on measures to enhance both the gaming and entertainment value of PS machines.

PS changes into a media. With this in mind, we have begun a full-fledged approach to IP.

Utilizing funds from our public offering and other opportunities afforded by our 2003 stock market listing, we focused on obtaining many merchandising rights to develop high-quality IP into products from companies that possess such IP in areas such as comics, animations, movies, TV dramas, music, games, and sports.

In addition, we formed alliances with outstanding creative production companies and companies with talented human resources and cutting-edge technology, taking new steps to develop the merchandising rights we obtained in PS and other media as well.

The start of the 21st century saw the use of characters and other IP across the full spectrum of media formats. For pachinko machines, roughly 70 % featured IP of some kind. Recognizing that this trend could lead to IP exhaustion in the future, we made it our mission to eliminate this looming concern.

2022~

Moving toward the best group management
Strengthen management base through selection and concentration

Becoming a global content business company

From our beginnings as an independent distributor of PS machines, we have now achieved substantial growth in the PS field driven by IP. Along the way, we have brought companies with high-quality IP rights like Tsuburaya Productions Co., Ltd. under our umbrella, and sought out higher-added value for our IP by building a more robust network of prominent companies and talented partners in every field. In parallel, the Fields Group has also welcomed companies skilled in comics, animation, video and other specialized areas. During this time, the exhaustion of characters and other high-quality IP in the PS industry worsened. In light of the situation, we opted to make a strategic shift to a collective of business models centered on the continuous acquisition, creation and cultivation of IP.

2017 : New Gin group's EXCITE brand. Started sales cooperation of PS machine. In June 2018, we celebrated our 30th anniversary and announced that we will reorganize our group and shift to a 4-in-house company system for new growth over the next 30 years. Each of the In-house companies has been designated as a PS distribution company with FIELDS CORPORATION at its core, a PS developing company with BOOOM Corporation at its core, an IP & MD company with Tsuburaya Production Co., Ltd. at its core, and a video production company with Digital Frontier Inc. at its core, and has started to strengthen its earnings and management base through selection and concentration in the group.

In October 2022, we shifted to a holding company structure and changed our corporate name to TSUBURAYA FIELDS HOLDINGS. In order to realize the corporate philosophy of "The Greatest Leisure for All People" as a group company, we are developing our business globally with the two pillars of the content and digital business segment and the Amusement Equipment business segment (formerly PS business segment). In the content and digital business segment, we have formulated and are promoting a new 5-year medium-term management plan. This plan aims to increase the recognition and favorability of Ultraman and further grow it with a view to the global market. In March 2024, the Amusement Equipment business segment welcomed Sophia Group, including ACE DENKEN Co., Ltd., a leading provider of facilities to pachinko halls, and is accelerating its efforts to make pachinko halls a "healthy entertainment space that satisfies everyone in the

KAIJU STEP SDGs Daisakusen - a project for introducing "Sustainable Development Goals (SDGs)" to children

Tsuburaya Productions Co., Ltd. (hereinafter, "TPD") is collaborating with TOKYO SHOSEKI CO., LTD. and KIDS PROJECT Inc. to implement initiatives to introduce SDGs to children through the characters of a TV anime KAIJU STEP Wandabada.

Short animations about the "background of problems" and "things we can do" of SDGs 17 goals are published on YouTube and other media. In addition, we promote exhibitions and events where children can learn about SDGs through hands-on experience, creating picture books, on-site classes at elementary schools, and collaborations with a variety of companies working on SDGs.

KAIJU STEP SDGs Daisakusen picture book "Minori no Yama no Hachamecha Panic!" reading video is now available!

We have released a new picture book titled "Minori no Yama no Hachamecha Panic!" along with a read-aloud video, where children can learn about the functions and importance of farmland.

This content teaches not only how rice and vegetables are grown, but also the diverse roles farmland plays, such as preventing floods and nurturing a variety of living creatures.

About the fund	The ULTRAMAN FOUNDATION gives heartfelt cheer and supplies to children, the light of hope for the future. And it is a fund that will continue to develop support activities for the future of children.

TOPICS: ULTRAMAN FOUNDATION cooperated in the "Going-out support project for children undergoing treatment for intractable diseases to Expo 2025 Osaka, Kansai, Japan"

Following May 2025, also in September, ULTRAMAN FOUNDATION cooperated with the "Going-out support project for children undergoing treatment for intractable diseases to Expo 2025 Osaka, Kansai, Japan" sponsored by the Sukoyaka Oyako Shien Kyokai, with an Ultraman hero visit to children and their families participating in the project.

In the project, children and their families, who were invited to the Expo 2025 Osaka, Kansai, Japan, enjoyed the Expo and Osaka tourism, after which a greeting session with Ultra Heroes was held at their accommodations. At the greeting session, Ultra Heroes and the children exchanged cheers each other and took a commemorative photo with the children's families. The photo was printed on the spot, and we put it in a photo stand with an Ultraman Zero design.

We will continue our activities in the belief that the safe and happy time spent with Ultra Heroes with smiles on their faces will provide an opportunity for many children to dream and hope for the future.
